

10.1" Modero S Series Wall Mount Touch Panel

MSD-1001-L2 (FG2265-31)

Overview

The MSD-1001 / 10.1" Modero S Series Wall Mount Touch Panel is a versatile, yet affordable control surface that is equally suited for scheduling or room control. With a generous selection of mounting options, the MSD-1001 can be placed on any flat surface (including glass) inside or outside a conference room or classroom, and the built-in room availability bar shows green or red depending on if the room is currently booked. Key features include a brilliant 24-color depth, PoE connectivity, video streaming, and VoIP support – all at an economical price point.

Common Applications

- The MSD-1001 allows even the most cost sensitive meeting spaces to benefit from a dedicated scheduling panel, allowing users to view the room schedule at a glance and even reserve the room right from the panel.
- The MSD-1001 is also ideal as a second touch panel that is mounted on the wall or in a podium or lectern in a large conference room or classroom.

Features

- Powerful Graphics Powered by the G4 graphics engine, the Modero S Series features streaming video and brilliant 24-bit color depth
- Elegant Room Availability Bar with 180° Visibility Easily glance down the hall to see if meeting spaces are
 occupied
- Mount to Any Smooth Surface Including Glass Use the optional Multi Mount Kit and mount the Modero S
 wall touch panel to any smooth surface
- Elegant & Responsive User Interface Exclusive SmoothTouch™ display supports single touch gesturing and delivers responsive performance
- Architectural Design Consistency Install both Modero S and Modero X touch panels throughout a facility for consistent style on any budget
